Behaviours of Distress

During your visit you will have an identified host who will accompany you and identify key health and safety information for your visit. In addition to this, please note the following important information:

- All St John's College learners are supported by a dedicated team of Learning and Behaviour Specialists (LABS). Each learner will be supported by at least one LABS
- Learners can sometimes engage in behaviours that appear unusual or 'challenging'. These may include:
 - Aggression (pulling hair, hitting, throwing objects)
 - Self-injury (hitting, biting self)
 - Running (at speed without caution)
 - Not following instructions (e.g. getting stuck when moving from one room to the next; sitting on the floor)
 - Property destruction (breaking windows, , grabbing items from you)
- We aim to promote a calm and orderly environment that minimises the likelihood of these behaviours occurring. However, if a challenge does arise our staff team are trained in how to resolve the situation as safely as possible.
- There is potential that any of the behaviours listed above may be directed towards you. It is important to follow the instructions and guidance given to you by your host (e.g. waiting for a moment before entering a room, positioning in a classroom, etc.)
- All behaviour is meaningful; our learners have positive behaviour support plans that explain why behaviour occurs, how to avoid it, and how to respond to it safely. LABS who support our learners lead in the implementation of the strategies in this plan.
- If a LABS or your host feel that there is potential for a challenge to occur, they may ask you to move with them to another location. Please follow any instructions you are given
- Sometimes these challenges can occur quickly without warning signs. In the unlikely event that you are impacted by a challenge (e.g. hair pull, hit, etc.):
 - Know that your host and the LABS will help you and work to resolve the situation as quickly as possible
 - If you are physically engaged (e.g. hair pull) please remain as calm as possible and allow our staff to disengage the learner safely using trained strategies. Your host will bring you to a safer environment and the LABS will support the learner
 - We have trained First Aid staff to support if required

Visiting Speaker Procedure

We often invite speakers from our wider community to give talks to enrich our learners' experience of college providing them with information that helps them make decisions at different phases of their education, widening their understanding of world and global issues and providing motivational inspiration through the sharing of a speaker's experience.

Please be aware that this policy relates to speakers who deliver remotely as well as physically.

The college recognises its responsibility to:
